# HOOPHOUSES

Hoophouses are allowed on residentially zoned properties with a minimum of 10,000 square feet, if used for the exclusive purpose of growing plants for local food production.

## Accessory Structures

Hoophouses or greenhouses are exempt from building codes and limits on the number of or area of accessory structures in residential zoning districts, if they are exclusively used for growing plants for local food production.

## Size

Property owners are allowed 50 square feet of hoop-house floor area for each 10,000 square feet in lot size.

## Materials

"Hoophouses shall be covered with a colorless and transparent material and shall be maintained intact with all parts secure. Any repairs shall maintain consistency in appearance and condition with the original construction. The hoophouse must be replaced, removed, or repaired upon evidence of deterioration." UDO 6.4.8.2
